MOVING FORWARD

BALMORAL HALL SCHOOL

1993-1994

PICTURES ARE WORTH A THOUSAND WORDS

YEARBOOK PREFECT'S MESSAGE

This year has been a year of changes. A new group of prefects entered the 1993-1994 school year with many new ideas but always remembering the roots of Balmoral Hall and they are also leaving, moving forward, with the philosophy "there is nothing that you can do that can't be done".

This year the yearbook staff thought it was important to adopt this year's theme into the yearbook. In keeping with the theme "Looking Back Moving Forward" we spent a great deal of time looking for old pictures that united the past with the present.

I would like to thank everyone who helped to create this yearbook. To Mrs. Young, thank you for all your typing skills and taking my crazy ideas with stride. To Mr. Aston, I know I will miss your great proof-reading skills. To Mr. Porter, Mrs. Axworthy, Mrs. Wood, Mrs. Biebel, I thank you for handing in your write-ups on time and for your support. To Maggie and Cheryl, I thank you for your endless help when I was in a bind. I'd also like to thank my two Junior School Reps, Deborah and Aynsley, who also kept me well informed with all the happenings in Junior School. To Mrs. Westdal, thanks for being my shutterbug, and last but not least, a special thank you to Vianne, without you I don't think that this yearbook would have that special touch, and Shaile for your innovative camera and innovative insight. I hope that this year's yearbook reflects the best moments of the year. I wish the best to everyone. ***Yours truly, T'Shura.

THE YEARBOOK STAFF

HEADMASTER'S MESSAGE

"History balances the frustration of 'how far we have to go' with the satisfaction of 'how far we have come' "(Lewis J. Powell, Jr.)

That our B.H. Yearbook creatively documents the extensive richness of School life in 1993-1994 and the variety of splendid achievements of Balmoral Hall girls is quite self-evident in these pages. May I congratulate the Editor, T'Shura Elias, her staff, and the Yearbook Advisors, Margaret Young and Ed Aston, on this outstanding edition of the B.H. Yearbook.

This Yearbook, however, is also an important record of a year in our School's history. It is a vital link in the chain of events, and those B.H.'ers associated with them, from our origins in 1901 to 1994... 93 years! Perhaps, then, viewed from this perspective, all of us - teachers, staff, parents, alumnae, and students .. can be even more proud of what we've accomplished this year.

Congratulations to the grade 12 class who have contributed so much to the success of 1993/94. Carry on after Balmoral Hall at this high level of achievement and happiness.. how far you have come; how far, now, you have to go! Visit us often at Balmoral Hall to tell us about your journey.

Brian Porter
B.H. Headmaster

CHAIRMAN OF THE BOARD

On behalf of the Board of Governors, I would like to wish the 1994 Graduates Congratulations and Best Wishes in success for the future.

It is an honour and a privilege to be the Chair of the Board of Governors of Balmoral Hall School. As you go out into the world from Balmoral Hall as graduates, we hope that you continue to "Seek Better Things". We believe you are uniquely positioned to take advantage of opportunities that are available to the advancement of women in today's society. I would also like for all of you to remember that you are, and will remain, a part of the Balmoral Hall family forever and we hope that you will return, visit, and participate with "your family" many times in the future. Your parents are also to be congratulated for the commitment, time, and effort that they have given to both you and Balmoral Hall School. I believe that you are in a unique position to be the leaders of tomorrow. We wish you much success.

Yours sincerely, Stephen J. Coyle.

MESSAGE FROM THE HEADS OF THE SCHOOLS

Diane Bieber
Head of Junior School

From opening day to awards day, 1993/94 has been a year of growth and excitement at Balmoral Hall.

In keeping with our motto "seeking better things", Junior School's dedicated staff has insured GREAT achievement with new programs and an up-dated computer lab.

This year our students have all participated in memorable activities - scholastically, athletically, and in interpersonal relationships.

Finally, to all B.H. students, families, and staff, thank you for your commitment to the B.H. tradition of excellence.

We look forward to greater challenges, as the best is yet to come!

Eloise Wood
Head of Middle School

The energy generated by Middle School students brings renewed commitment to the goals of B.H. education. Their openness and enthusiasm promotes achievement of the pursuit of excellence and the encouragement of individual potential. These characteristics are amply illustrated in the pages of the 1993/94 yearbook.

Lynne Axworthy
Head of Senior School

A precious bond exists between teachers and students and we touch one another's lives in a special way. Wherever we may go - what we have shared can never be taken away.

This yearbook is a record of all that we have shared this past year, as well as a lasting tribute to the caring and respect for each other that exemplifies Balmoral Hall. To Mrs. Young, Mr. Aston, T'shura Elias and the Yearbook Staff go our thanks and appreciation for yet another fine publication which will enrich our tomorrows with memories of good times shared.

To the graduating class of 1994 - one of the meanings of being a teacher is that we invest a part of ourselves in you - hopefully our best part. So, this is not a time to say goodbye. Whether we realize it or not, as you leave Balmoral Hall, part of us go along with you.

ALUMNAE DIRECTOR

Congratulations to the graduating class of 1994. You have challenged yourselves and completed the first step in your travels through life. This is a diverse and unique group. What is so unusual about this eclectic class is its ability to organize and plan activities. I have watched the various elements within your class develop over the years, and have marvelled over the talents of each grouping, and applauded your creativity and organizational ability, both individually and collectively. This bodes well for your success in a country of differences such as Canada.

Because you are such a lively, unpredictable, interesting group, we at Balmoral Hall will watch the paths each of you travel with warmth and interest. Remember that your past is part of what you are, and this class has a past of great strength. Keep in touch with your roots by communicating with your alumnae. I look forward to the May Brunch in the year 2004 when we open the Time Capsule.

Congratulations on your graduation and remember - - meliora petens. **Linda Martin

PARENT ASSOCIATION MESSAGE

The Parent Association would like to extend warmest congratulations to the 1993-1994 graduates.

The Association has just completed another busy year. In the Fall, we hosted the annual School Barbecue to which over 900 parents, students and teachers attended. In October, it organized a Halloween part for the junior school, ably assisted by the Grade seven and eight students. In December, the Association held the annual Christmas Party for the Residence students and finally, in May, the annual May Ball was held as a major fundraiser for the School.

This year our fundraising has been extremely successful. We have committed \$40,000 to the Capital Campaign towards the building of a new gymnasium for the school. As well as this major contribution, we have financially assisted the graduation; purchased computers and software for Middle and Junior School and the library; provided funds for the Kids Creation Program, purchased bed-skirts for the Residence, and provided scholarships for Middle and Senior School.

The Parent Association wishes you every success in your future. Charles Templeton once said:

"You are born with two things: existence and opportunity, and these are the raw materials out of which you can make a successful life."

Your parents together with your teachers have given you "the raw materials" with which to succeed. Good luck and much happiness. **Michelle Young, President

HEAD GIRL AND SCHOOL CAPTAIN

The 1993-1994 school year was incredible! It included numerous activities such as Spirit Week, Ski Day, W.I.N.S. Week, and who could forget all the hot dog days! I will miss BH, and all the students who made the year so memorable. I would like to thank Mrs. Procter, Mrs. Westdal, Mrs. Axworthy, the Parent's Association and the members of sports and student council for their hard work and dedication to the school. "Looking Back", I hope you have a lot of great memories, and I wish you the best of luck "Moving Forward". Love and Best Wishes, Michelle.

1993-1994 saw the continuation of many B.H. traditions - the Fall Barbeque, middle/senior school Ski Day and of course, Mr. Porter's enlightening and much anticipated stories. However this was also a year of many changes with the introduction of such activities as the Teacher's Lunch Auction for UNICEF, a "Sights and Sounds" Dance and Middle/Senior School hot dog / pizza pop / veggie dog / kosher dog Day! To the presidents and vice-presidents of this year's Student Council - thank you - for putting up with last minute mufti days, working the coat check in the last hour of the dance etc, etc. I also thanks to Miss Temple and her "Team" from the Parent's Association, who organized the Hot Dog Days and always made sure that there was enough hot dogs, donuts and drinks to go around. To Mrs. Procter, Mrs. Tytgat, Mrs. Wells, Mrs. Westdal and Mrs. Axworthy what can I say? We are forever grateful for your advice, encouragement and patience in putting up with a lot of stressed Prefects! As a "lifer", I know that I'll miss those deep and thought-provoking conversations in the Common Room, Monday Morning Assemblies and, yes it's true, even telling people to pull up their socks and tuck in their shirts (Punam - this is for you!). To all of the students in Middle and Senior School, take care and good luck. Thank you to all the Prefects for all your love and support! Shaila Seshia

EVENTS

B. H. ENERGIZERS

TERRY FOX RUN

Despite the unpredictable weather, Balmoral Hall, once again, had a great time raising money for Cancer Research. The Junior, Middle, and Senior School students, as well as staff, were full of spirit - dressed in house colors and participating in house cheers. This year's Terry Fox Run was a big success!

Prefect Fun

During the month of August, while everyone was still on summer vacation, the Middle and Senior School Prefects cut their vacation short for a two day retreat at Rez. Not only did all the Prefects attend, but also Mrs. Westdal, Mrs. Anderson, Mrs. Axworthy, and Mr. Porter.

The Retreat was designed to get the Prefects "settled" in their new positions and give us an outline of our responsibilities and what to expect. It also gave us an idea of what it would be like to have to work together to get things done. This was demonstrated by two guest speakers, Audva Campbell and Janice Erickson, who taught us about communication with games and discussions.

We didn't only play games, we also had other sessions - one by Mrs. Anderson on Success, another by Mrs. Westdal and Mrs. Anderson on Time Management, as well as, videos of Mark Scharenbroich speaking to some schools about leadership.

The Retreat served to be a great motivational experience for all of us. Everyone had a great time face painting, and learning what it will be like to be a Prefect.

Orientation Day and Opening Assembly

On September 8, over 100 new girls attended the Orientation Day at Balmoral Hall. They spent an hour getting to know the prefects, their teachers, and for some, adjusting to the new uniform that they had to wear. The new girls were also welcomed into the school by being presented with B.H. pins.

On September 9, was the Opening Assembly. There were over 500 students present. Everyone got a chance to hear Mr. Porter's stories, as well as speeches by Dr. Coyle, and to see a skit put on by the Prefects, who presented the theme for the year "Looking Back, Moving Forward". This day proved to be a new beginning for everyone.

BUCK-A-ROO BBQ

The Parent Association, once again, went all out for the annual BBQ held at Balmoral Hall. However, unlike last year, the weather was great! It seemed like there wasn't enough time to do everything. There were ponies, face painting, cotton candy, horse and cow mascots, and pony rides as well as the sounds and smells of hamburgers and hot dogs. (T'Shura Elais)

To welcome everyone (students, staff, parents, and family), to the 1993-94 school year, the Balmoral Hall Parent Association once again held a successful barbeque. The atmosphere was definitely Western, as both the school yard and the atrium were filled with hay bales and blue jeans (no uniforms). Over 900 fellow cowfolk had a foot stomping toe tapping good time. The little folks enjoyed the pony rides and hand games, while the "older" gals and guys were entertained by the Western band and line dancing. The food was delicious and certainly filled that empty spot that the first few weeks of work had left.

(Mrs. Michelle Young)

5TH ANNUAL MANITOBA STUDENT LEADERSHIP CONFERENCE

Nine Balmoral Hall students, three former B.H. students and Mrs. Heather Westdal all participated and they feel it has started to make a difference already.

Mark Scharenbroich, a very enthusiastic and popular motivational speaker, had all 400 students and advisors very motivated and right with him as he spoke. Other noted speakers were Eric Chester and Evelyn Jacks. The students took part in sessions: leadership styles, 101 spirit ideas (given by B.H. grads Ranya Khan, Wendy Welby and Venessa Schreyer- a very popular and well attended session), school newspaper, year-book, concerns on women's issues, fundraising, transition from high school to university, school dances, entrepreneurship, career pathing, and much more!

This conference provided it all- it was very well organized and a real experience for the B.H. girls.

Future site: 1994- Brandon; 1995- Dauphin.

This is an excellent opportunity for B.H. students to share and experience leadership ideas and skills with other students and advisors from all over Manitoba.

****Heather Westdal, Director of Student Activities**

B.H.'S NATIONAL LEADERS

Michelle Clarke, Shaila Seshia, Michelle Cowan along with Mrs. Heather Westdal attended the 9th National Canadian Student Leadership Conference, "Youth today, leading the way".

This year's conference was in Bishop's Falls, Nfld., from September 28 to October 3. Attending were over 560 students from across Canada, with three students representing each school. We set off on our journey on Tuesday morning and arrived in Bishop's Falls that evening.

Our day of travel turned out to be an adventure we'll never forget. The pre-conference touring began that Sunday, we caught the tour of Twillingate and Grand Falls the morning of the conference. CSLC officially began that evening with appearances by the principals of the two hosting schools, the mayor of Bishop's Falls, the Newfoundland Dog (of course) and a motivational speaker, Mark Scharenbroich.

Many of the students had heard Mark speak already but that did not stop him from entertaining the crowd. We left that evening bursting with energy, determination, and official "happy campers". Throughout the next few days we had sessions on leadership in the school, how to plan a successful dance, problem areas in the schools, Motivational Media, and more.

We also heard from motivational speakers such as Mike Smith, Terry Kelly and Dr. Linda Inkpen who spoke about Canada today and we as future leaders. We took tours of the area and saw museums, salmon fisheries, parks, logging expeditions, and their one and only MALL.

The evenings were full of entertainment that ranged from dances sponsored by Sights & Sounds to Friday's "Newfie Night". That evening we tried foods that aren't available anywhere else in Canada while each of us were officially inducted as "Newfies" after kissing the fish and reciting a poem- I can admit that I kissed the fish- "I kissed the Fish!" We were entertained by fabulous local groups of comedians and singers.

We finished off the last day of the conference with a presentation of next year's conference hosts, Yorkton, Saskatchewan. The evening ended with a final banquet which the Premier of Newfoundland attended. At the end of the evening we were all sad to see it end, however, we had learned a lot. The one thing that I got out of CSLC is how promising Canada's future looks. A topic that was focused on during the conference was that we are representing "tomorrow". All I had to do was look around the room and all I saw were future leaders of their schools, communities, and Canada. I must say I was very happy to have gone and I had a wonderful experience. I am looking forward to next year at Balmoral Hall as a Grade 12 student and hope that I can attend the 10th National Canadian Student Leadership Conference '94 in Yorkton, Sask., "Tip your hats to our leaders".

**Michelle Cowan, Grade 11 Class President

W.I.N.S. WEEK!

W.I.N.S. WEEK came around fairly quickly. This was the week where the prefects and the "Old Girls" welcomed in the new students. There was a slave auction, where the New Girls were auctioned off as "slaves" for a day to the Old Girls. On the Slave Day, the New Girls had to dress-up the way the Old Girls wanted them to and had to say the "O Perfect Prefect" Poem to every Prefect they saw. Besides all this the new Girls also had to participate in Kangaroo Court and endure many wild and crazy events - from egg toss to find-the-candy in a bowl of flour without using your hands and having their faces wet.

Although these girls had a lot to endure, it all paid off with a big pizza lunch just for New Girls and officially being known as Old Girls of B.H.

TRICK OR TREAT!

Halloween at Balmoral Hall was a festive day. Besides the traditional dressing-up-in-costumes and the Junior School Parade of Costumes, there was also a Huge Halloween Party for Junior Kindergarten to Grade eight, put on by the Parent Association. The school was full of excitement and this excitement lasted into the wee hours of the night at the Halloween Bash Dance!

LOONIE LOGO

Balmoral Hall School and the United Way participated together in our annual fundraiser at St. Vital Center. Our girls entertained passers-by with their talents in singing, piano and face painting. Loonies were collected and placed on a large United Way logo for all to see. Both staff and students enjoyed their day helping the United Way raise funds for a cause in our community.

Gr 5 Presentations

Bells by Gr 6

"LET'S DO THE TIME WARP"

SPIRIT WEEK

The week started with the arrival of the time machine. Grades were warped back to different ages of time in a matter of seconds. The first event was room decorating. Rooms ranged from discos and medieval wars to scenes from Thriller. The class presentations were ruled by hippies and some had even lost their heads. The airbands were all great but led, of course by, Rez and the grade twelves. Appearances were made by Madonna, Whitney, New Kids and many others. The end of the week topped off by a great ski day with only one minor accident (we all know who). Overall it was a close race between the 8's, 9's and the 12's but the 80's boppers prevailed. Better luck next year! **Megan Kosminski

COMMUNITY SERVICE PREFECT

Hey everyone,

As a BH'er starting a new prefect position I was a tiny bit nervous but the year has gone great and in the end BH was able to define the community service prefect position. There were lots of activities to participate in, including Looney Logo, United Way Casual Day, Staff Lunch Auction, Unicef boxes, Teddy Bear's Picnic, Red Cross Club, Terry Fox Run, etc. I want to thank everyone for the great turnout in the events because not only did I get to know the staff and students better but we also raised money and supplies for the adults and children who desperately needed them. Also, congratulations to Ms. DeMong and Mrs. Anderson's program, where one could gain a one-half credit for their work in the community. This year I also organized a debating tournament and ran the canteen. Thank you to the girls in student and sports council who helped to make the canteen a success. I would also like to thank all the staff, prefects and students for helping me with all these activities because I could not have done it without your support. I hope BH had fun participating in these activities and I hope you are as happy as I am with how the year turned out. Well, it's on to the second community service prefect in BH! Good luck! Love, Carol.

MAKING THE WORLD A BETTER PLACE

PRESENTING.... THE GREATEST SHOW

TOP 10 PREDICTIONS OF WHAT B.H. WILL BE LIKE IN 2094

So we've looked back at the last 93 years of B.H. - but what about the next 100? After consulting leading Psychics we have compiled a list of the TOP 10 predictions of what B.H. will be like in 2094.

10. Mrs. Friesen will still be here.
9. Mrs. MacKay-Crevier will be taller.
8. The capital campaign thermometer will still be stuck at 225 thousand dollars.
7. B.H. will become a truly cosmopolitan community as we acquire a sister school on an, as of yet, undiscovered planet.
6. Barney will become the schools' official mascot.
5. Balmoral Hall's reputation for numerous stairs will be replaced with a reputation for escalators - we hope!
4. Mr. Porter will become the Aesop of the 21st century.
3. The smoking alley will have been converted into a popular rendezvous for only the trendiest smokers, equipped with pool tables, gold lame ashtrays and oxygen masks.
2. We will still be waiting for a clock in the common room.
1. Helen Grocery will have become a state of the art shopping centre, designed to cater to all B.H. students needs.

TRIPS

The Grade 8 class at Festival du Voyageur

HIKING IN ENGLAND

It can be safely said that the two weeks the grade 8 and 9s spent in England during summer '93 were . . . more challenging than we expected. Most of us weren't prepared for the amount or level of hiking that we did. ("I thought I made it clear that this was a walking trip!"). But Ms. Smith, Mrs. MacKay-Crevier, and Mrs. Young managed to pull us through (literally) and the trip was unforgettable. Despite blisters, lost water bottles, and Punam trying to roll her pack down the hill, then having to walk an extra two miles because it went down the wrong way (oops), we enjoyed an excellent adventure! **Sarah Wehrle**

A ONE TIME LIFE TRIP

While most of you were busy relaxing in the first 3 weeks of summer vacation, 14 members of the Senior Choir along with Mrs. Rabson, Mr. Elias, and Mr. Porter embarked upon a once in a lifetime journey to the Orient. First stop, Japan.

After spending 21 hours in transit all we wanted to do was find a bed, but instead we were greeted by students and teachers from Shizuoka Eiwa clapping and holding flags and banners welcoming us to their city.

We spent 2 days in Shizuoka Eiwa. Our next stops were Yamanashi and Kozanso. During that time we encountered raw fish (lots of it), bicycles, and more pins than our ties could hold.

Hello Tokyo! We visited the Hard Rock Cafe, more shrines, and the first of many towers, Tokyo Tower.

Next stop- Korea. Our first introduction to Seoul was our sweet, yet repetitive tour guide Ms. Park. "Ah-nyung-ha-say-o". That means hello in Korea. Here we saw tower #2, Seoul Tower.

Welcome to Shanghai- the city known for its bustling streets and markets as well as run down universities, blackouts, rain, phones that don't work, dirt, and giant cockroaches. At least they have a tower (that's #3). Shanghai was so bad even your luggage won't want to go there (ours didn't). Actually Leissa Leckay's garment bag was the sole (which is the capital of Korea) piece of luggage that arrived. Our hosts were very kind and even offered to "knock us up in the morning".

By this time 2 weeks had swiftly passed and many of us were growing weary except for one woman chosen for her strength, her wisdom, and her determination. Who, you ask?

The Rabsonator! Mrs. Rabson kept all of us going so we could reach our final destination, Hong Kong, the shopping capital of the world. For many of us Hong Kong was the best stop on the trip as we were surrounded by wonderful weather, an extremely advanced city and best of all, people who spoke English.

All in all it was, as the Japanese girls say, "a one time life trip" that will not be soon forgotten.

THE RENAISSANCE FEST

King, Queen and attendants

Maya Seshia, Caroline May,
Sarah Young, Danica Levy

Melanie Hawranik

The day began with lots of fun,
No trace of rain, but shining sun.
We walked inside the gates to see,
A peasant laughing happily.
We walked around a little bit more,
And out came a King, who began to roar!
Then we saw a tomato man,
Who looked as though he had a terrible tan.
Then all of a sudden we heard a SNAP!
And out came warriors on horseback!
They hit each other on the head,
And with their swords as heavy as lead,
They rode round, screaming and yelling.
What were they saying? There is no telling!
The day ended much too soon,
It seemed like was only noon.
Moaning we left,
All needing a rest,
But in dreams continued of the Renaissance
Fest!

Mediterranean Cruise

Madelon and Sandra take a camel ride in Egypt

Sanra Munoz, Mandy Paradis, Kyley McEachern, Roslyn Forbes, Allyson Cooper at Ephesus

Canada Gate at Buckingham Palace

This spring break Heather Campbell, Allison Cooper, Heather Dawson, Kyley McEachern, Kathy Grenkow, Sandra Munoz, Mandy Paradis, Nikki Steele, Madelon Tajich, Mr. and Mrs. Martin and myself embarked on a trip to cruise the Mediterranean.

First we stopped in London, where we saw everything you could possibly see in two days. We hit all the touristic places: Buckingham Palace, Canada Gates, Trefaeger Square, etc., went shopping, and had a night on the town.

Next we went to Rhodes (cruising on the Odysseus). We had a morning excursion to Lindos, but in the afternoon we were free to roam around the old city. There we found really interesting T-shirts and playing cards(!).

Cairo was next on our agenda. The pyramids were spectacular. I think our whole group agrees that the men were a bit too "friendly". The interesting thing about our visit here was the military escort we required for the drive!

Next we went to Israel: Jerusalem, Bethlehem, and the Dead Sea. Isreal was very nice, and very calm. Mrs. Martin and Heather Campbell looked years younger after covering their bodies in Dead Sea mud.

Turkey proved very interesting also. We went to Ephesus in the morning, and in the afternoon we shopped. The men were very intrigued at our presence.

The next place we saw was Athens. We visited the Acropolis and later visited the Olympic stadium (at Mr. Martin's request). He and I ran a lap around the track together.

We returned for an overnight stay in London, and at last we were on our way home. Overall, it was an excellent trip. I think our entire group would do it again. **by Roslyn Forbes

The last night on the ship!

INTERNATIONALS AND RUPERT'S LAND TOURNAMENT

This year the prestigious International Independent Schools Public Speaking and Debating Competition was held in Windsor, N.S. Our team consisted of Shaila Seshia, Michelle Clarke and Maggie Trott, as well as Mrs. Martin, our coach. We each competed in three events. Michelle came 3rd in Extemporaneous Speaking. Shaila placed 11th overall. Maggie placed 2nd in Dramatic Interpretation, 6th overall and qualified for The World Debating and Public Speaking Competition to be held in Taunton, England, in March, 1994. As a team, BH placed 4th, (2nd in Canada). However, the competition itself was not the highlight of the trip. It was the beauty of where we were staying that made it memorable. We were billeted in Chester, N.S., a town famous for its incredible coastal location. We stayed in a home that was warm and generous, and which gave us a spectacular view of the Nova Scotian coast. It was a great trip. **Maggie Trott

The second annual Rupert's Land Tournament was held in November at Balmoral Hall. This tournament was the qualifying competition for the Manitoba team to the national Public Speaking Championships. B.H. students competed, organized, and generally put in outstanding performances. The top school was Balmoral Hall with the team of Michelle Clarke, Shaila Seshia and Rachel Schipper. Shaila Seshia placed first overall, first in debating and first in persuasive. Michelle Clarke placed second overall, second in debating and third in impromptu. Rachel Schipper placed sixth overall, and second in impromptu.

Kalyna Zazelenchuk and Mrs. Young ran an accurate and swift Tabulation room which so impressed everyone. Shaila Seshia and Michelle Clarke went on to represent Manitoba in the Nationals and Canada at the Worlds. The many schools who attended the tournament enjoyed it and are looking forward to next year.

THE WORLD DEBATING AND PUBLIC SPEAKING CHAMPIONSHIP

The 1994 World Public Speaking and Debating Championships were held at Taunton School in Taunton England. The Balmoral Hall team consisted of Shaila Seshia, Maggie Trott, Michelle Clarke, and Mrs. Martin. All four of us eagerly jumped on the plane for the marathon trip and arrived happy, but exhausted in England (despite the I.R.A. mortarrbomb attack at Heathrow). Following a quick day of shopping and visiting the world's largest bookstore, we shared a bus with the American team, the rest of the Canadian team, and the cypriots to Taunton. Along the way, we stopped in Bath for a brief look at the town. The tournament was great! Speaking rounds followed by good food, tea, and tours of castles gave the competition a relaxed and friendly atmosphere. The results for B.H. was good. Shaila was 4th overall and recieved 2nd in Reading. Maggie was 7th overall and 3rd in After Dinner speaking, and Michelle was 13th overall. While we were in Taunton, our billets were wonderful and bid us a fond farewell as we jumped back on the bus and headed back to London. London was incredible! Mrs. Martin led her brood through museums, art galleries, shops,Liberties of London, and walking tours of historic London. Between evening coffee runs, the theatre, and late night discussions, the number of students staying at the hotel gradually dwindled. It was a great trip; a wonderful tournament, where we all made good friends. - Michelle Clarke

ARTS

ARTS PREFECT

As the year comes to a close, I'd like to take a moment to thank those of you who made my year as Arts Prefect a success. Thank-you to all of those that contributed to the student wall mural. The art display in late April was super. Thank you, especially, to Mrs. Anderson and Mrs. Westdal for their support throughout the year. Also, I'd like to send my love to my teachers, who have encouraged and supported me throughout my time at B.H., not only as a prefect but as a student too. You've been a major, positive influence in my life and for this, I thank you. Good luck to my fellow classmates in your future travels and to everyone else in the student body, I'll miss you greatly. **All my love, Sara Hilderman

MY PUPPY

My very first puppy
And I don't know what to do,
He's on everything
Even my mother's shoes!

I promised my parents
That I'd take very good care,
But now how can I,
There is a mess everywhere.

Be careful!
My parents might send you to the zoo.
Warm, soft, golden and fluffy,
Good job you're just a stuffed puppy!

THE VERDICT OF THE TRIAL (of Alice in Wonderland)

This is the Dodo Bird and Chessy, otherwise known as Deborah Hill and Aynsley Moorhouse. Did you see The Trial of Alice in Wonderland? If you didn't, OFF WITH YOUR HEAD! The Trial was a hit from the sleeping Doormouse to an outgoing Queen!

Alice is charged with "enticing her majesty, the Queen of Hearts, into a game of croquet, thereby, teasing, tormenting and otherwise annoying her". The witnesses go to the witness box and testify. In the end the Queen let Alice go home.

SPORTS

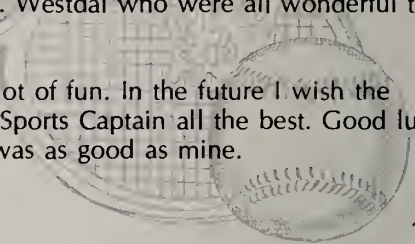

SPORTS CAPTAIN

Well, my last year at B.H. has definitely been an amazing one. This year has been a time of change. I watched Ballater take the lead in volleyball, followed by Braemar in Holiday intermurals, the birds were always there in mass numbers cheering, and Glen Gairn making their mark! Interhouse with the help of Megan, Ryann, Dee, Sam and Becky took off this year. I couldn't have done anything without you. With interhouse competition 2 days a cycle everyone had the opportunity to challenge each other. Of course, let's not forget the enthusiasm of sports council, always helping out, running intermurals, score keeping, and "refing". Special thanks to Mrs. Hutton, Mrs. McKay-Crevier, and Mrs. Westdal who were all wonderful to work with.

This year was a lot of fun. In the future I wish the househeads and Sports Captain all the best. Good luck, I hope your year was as good as mine.

BALLATER

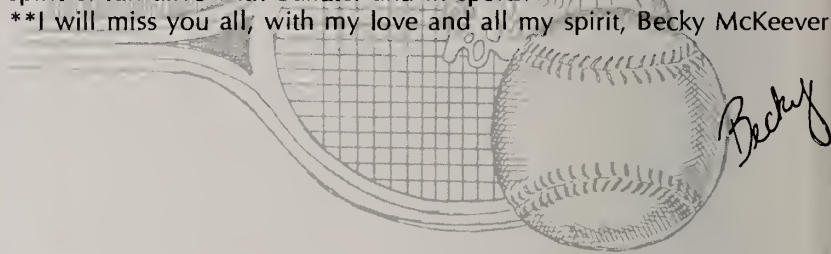

To all followers of the Great KERMIT!

What a green and groovy year we've had! '93-'94 is for the record books- from chop the ham (!) to Volleyball Champions! You have all made me proud to be your house head with your enthusiasm, outstanding participation and wild spirit- the key to our success!

I would like to say a special thanks to Junior School House Head Ashleigh! You were great! And to our Sports Captain, Kim Westdal, and unbelievable sports council- you really made it all happen.

With Kermit on our side (and positive attitudes!) we conquered all and built a now stronger and rowdier house! Best of luck to next year's house head! Be loud, be proud and most importantly keep the spirit of fun alive with Ballater and in sports!

**I will miss you all, with my love and all my spirit, Becky McKeever

BRAEMAR

Fellow Braemarians,
Well, what can I say? The year is over and once again Braemar left the other houses in the dust. We showed our true blue greatness in intermurals, at the swim meet, on the ski hill and of course, the track meet. Even though the yellow birds occasionally cheered louder, and the green frogs got a FEW more volleyball points than us, we managed to show them all! One example: holiday intermurals when our candle was lit before the others had blown their first bubble! I have to acknowledge the extra amount of spirit shown by the Grade Eights (you were great!)

Thanks to Mrs. Westdal, Mrs. Hutton, and Mrs. McKay-Crevier for helping sports council run smoothly, and to Becky, Dee and Sam for making sure Braemar had a little competition. Thanks also to Stephanie Temple for keeping the Blue Spirit alive in Junior School.

Thanks for a great year Braemar and good luck in the years to come.

Megan

CRAIG GOWAN

To the spirit-filled birds of '93,
Even tho' we've occasionally had trouble, spelling...Craig Gowan
!?!?Yeah!! it's been an amazing year. I'd like to take this opportunity
to thank my fellow House Heads, Becky, Megan and Sam for leading
some excellent competition, but the enthusiasm of the birds "out
poohed" the pooh bears, beat out the Braemarians, and even the frogs
croaked!

Thanks for all the excitement, loud, crazy cheering, and fun you
brought to the Terry Fox Run, intermurals, the swim meet, the ski hill,
and all the activities right up to the track meet.

Craig Gowan spirit keeps going and going and going and going...
(isn't that the energizer bunny sprawled out over there?) I wish you all
the best next year and always keep those big (bird) hearts of yours.
**All my love,

Revised
CG

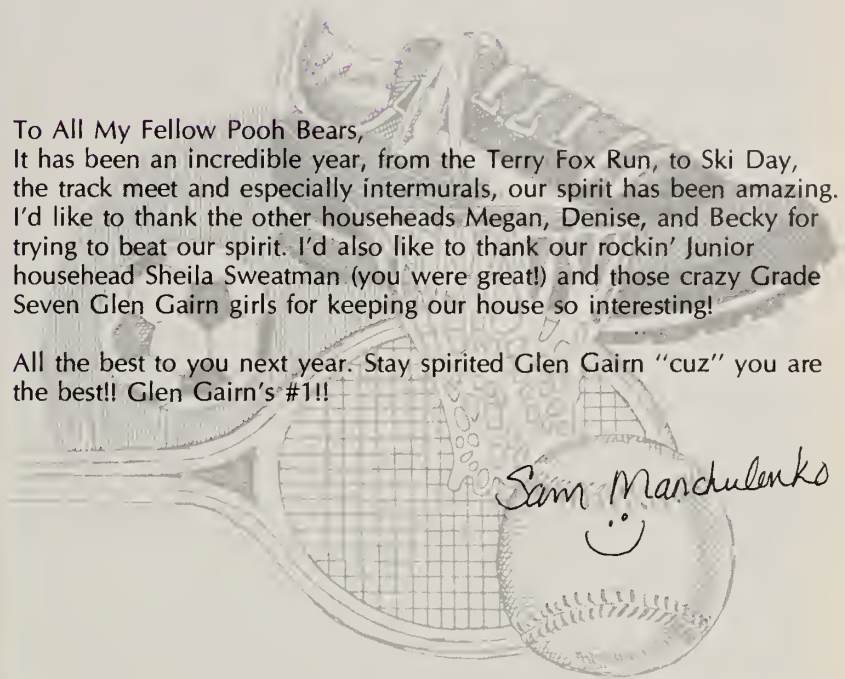

GLEN GAIRN

To All My Fellow Pooh Bears,
It has been an incredible year, from the Terry Fox Run, to Ski Day,
the track meet and especially intermurals, our spirit has been amazing.
I'd like to thank the other househeads Megan, Denise, and Becky for
trying to beat our spirit. I'd also like to thank our rockin' Junior
househead Sheila Sweatman (you were great!) and those crazy Grade
Seven Glen Gairn girls for keeping our house so interesting!

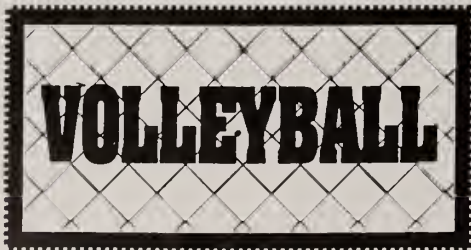

All the best to you next year. Stay spirited Glen Gairn "cuz" you are
the best!! Glen Gairn's #1!!

PEP RALLY

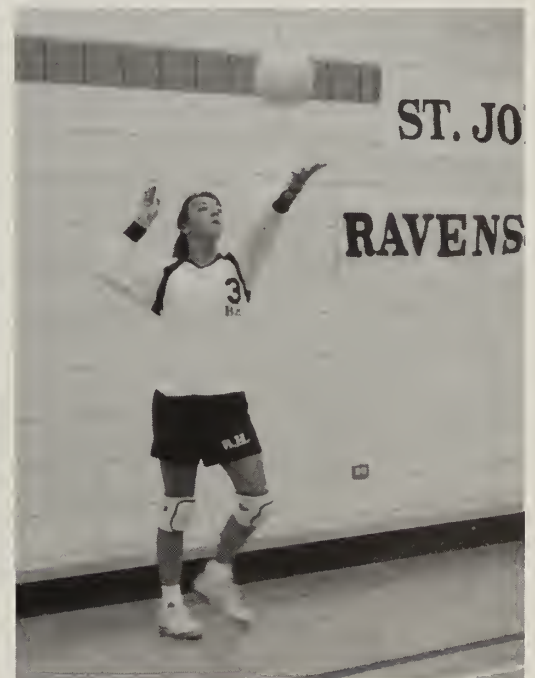

The Balmoral Hall Varsity Team was sent to Saskatoon in rousing fashion by the students of Balmoral Hall at the annual PEP RALLY.

BLAZERS GO TO PRELATE

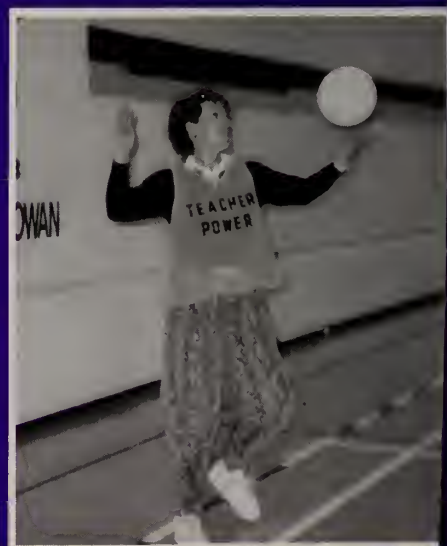

The members of the B.H. Varsity Volleyball team travelled to Prelate, Saskatchewan for a three day volleyball tournament (The Western Canadian Independant Schools Volleyball Tournament). What a time was had by all! We were billeted by families in the neighbouring towns of Prelate and Leader. Our host town had a population of approximately 100. We quickly got the feel of the town and our way around it (500 meters by 500 meters) and our host school, St. Angela's Academy, were the best at making us feel welcome and enjoying our stay. A very special thanks to Fredand, Jack and Tillie, and all our hosts, as well as to Heather Dawson and Carrie Moir, who came to play with us from the Freshman Team and help us on to great success. The Blazers played hard and with great spirit. Congratulations to all the girls, coach Mrs. Mackay-Crevier and Kim Westdal (captain), named tournament MVP for our Varsity Team! It was a memorable experience and fun for all in a small town with BIG heart!
****Becky McKeever**

STUDENT-STAFF VOLLEYBALL GAME

The following is a summary of the game. Middle and Senior Student Staff competed in a volleyball game played on the court of the Student Council. The volleyball game was a fun game for all. There were a number of good plays and many more and a lot of spirit from the spectators. The game was very well played.

RESIDENCE

MESSAGE FROM THE DEAN OF RESIDENCE

Time flies!! When we open "Rez" in the fall, we all hold our collective breath! We wonder how we are going to survive the next nine months of the school year - yet here we are almost at the end of another one.

Time softens our apprehensions and allows us to turn the page. We learn to live in harmony with each other, allowing the boundaries of age, as well as our cultural and ethnic diversity to vanish. Friendships prosper and multiply and we all have our horizons broadened in the process.

Each student in my care, has in her own inimitable fashion, answered the call wholly and abundantly, with inexhaustible energy. With charm and candor and typical humour displayed only by the young, they have almost satiated their appetite for learning and coping with the adversities and frustrations of youth.

This year it is with sadness that I must bid farewell to a large graduating class - many who have been with me for several years. I have watched with pride as they matured over time and are now ready to face and accept challenges of the future. To this very special group, remember....In the valleys you look for mountains. In the mountains you've searched for rivers....There is no where to go! You are where you belong....You can live the life you dreamed....the debt that we owe to imagination is incalculable. Your will all be missed. Much Love.

Surrogate Mom, Eileen Rieger

MESSAGE FROM THE GRADE 12 GRADS OF REZ

The rez graduating class of 1994 would like to wish farewell to rez, Mrs. R, and all the rest of you unfortunate souls who have to stay here without the rest of us. Just kidding! We're all going to miss rez like crazy. It has become a very important place to some of us who have been here for several years. Mrs. R must be happy to be getting rid of all us who have been the trouble makers over the past few years. None of us have been model rez students. Sorry we caused you so much trouble Mrs. R. Let's take you back down the Memory Lane of Trouble. You must remember:

- In Gr. 9 when Heather Brown got caught staying somewhere that she was not supposed to be.
- Amy and her "visitors".
- The time Dora snuck out with Helena and was too scared to come back.
- The time Chiemi went "babysitting" and never came back.
- Jennifer Lai escaped rez initiation by going shopping.
- Heather Campbell, Carina, and Isabel were just too smooth to get caught.
- The many times Farrah has been caught for everything, and Cheryl, well, Cheryl is perfect.

However, there were a few things you didn't know:

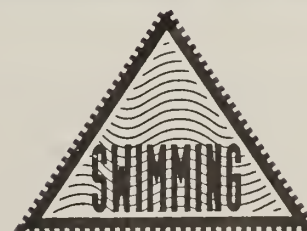

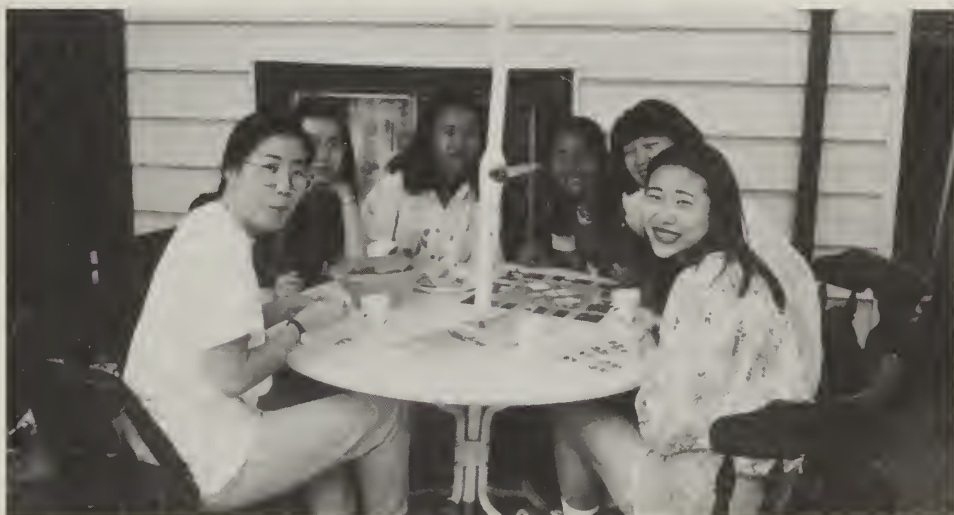

- Isabel never really went swimming. (Where did she go?)
- Heather Campbell only stays in rez on the weekends till 12:00 because she needs the extra rest so that she can party from 1:00 am to 11:00 am.
- Jennifer Lai is secretly married to Leon Lai (sorry Daisy).
- Even though you put her on the third floor, Amy still manages to be inventive.
- And Cheryl is not perfect.

We will miss Rez terribly and we love you all. Thanks for everything Mrs. R!!

LOVE, THE REZ GRADS OF 1994 - Farrah, Cheryl, Heather Brown and Heather Campbell, Jen Lai, Dora, Isabel, Carina, Chiemi, Amy

THE GRADUATES

Shikha Arora 1989 - 1994

What to say about our little Shikher Beaker? She came to B.H. in grade 8 and has become a force to reckon with (a shopping force, that is!). Shikha can be seen almost every free moment either quizzing the Holt Renfrew Make-up Girl on the latest colours to coordinating shoes to match every outfit in her closet. Shikha, I'll miss our evenings at Perkins and watching Disney movies in your basement. Most of all I will miss rolling off your bed and eating Ritz Bits sandwiches till 3:00 am - You still owe me \$10, it was not B'ly, Alec or William! May the day of Strawberry Shortcake & Choca-lotty live on forever and may your kids be the best dressed. Don't Forget: canoeing, camping, Rugby Socials, and Clandehoye. You and I have known each other since we were munchkins running around like chickens with their heads cut off. Even at that age, we'd shop for toys till we dropped. We've had fun sleepovers and the occasional party, one which we both wouldn't want to remember (gr.10). Shikha has always made everyone laugh at some point or another. She's one you can talk to as well. She hopes to study dentistry but I wouldn't lend her my teeth, or I'd never get them back! I wish you all the best in the future. Cheeseburger Happy Meal and a coke (no ice) Love always Beth, Neela, and Vivianne

Vanessa Klayh 1982 - 1994

Vanessa's friendly personality and her warm smile always seem to brighten up the room. She is known for her lengthy phone conversations, perfectly manicured nails, and thousands of silver earrings and rings. "My baby", "anyways", and "I'm not in pres" are always flying out of her mouth. We've all grown up but it was a big change for Vanessa. She's probably one who has changed the most. She's gone from a short, short boyish hair cut to a long and sexy style that lets the true V shine through. We'll know where to find Vanessa in 10 yrs down the road, Virginia, of course. We all love you and wish you all the best at Western next year. Have fun! Love Erin

Megan Kozminski 1981 - 1994 LIFER!

Megan is one of the few Lifers in our class. And she's spent those years wisely working hard to achieve those good grades, but more importantly designing the ultimate practical jokes. Megan has made it "snow" in the physics lab, has had many good comments about the lab's "bread & butter" problem, and is always ready with a swift wise crack. Megan and I have spent grade 10 being serenaded by Sonia's singing of the "Phantom of the Opera", and creating the ultimate airbands and room decorating. It was Davis Kozminski who discovered how effective kilts could be in constructing bell bottoms. In grade 9 and years before it, Megan suffered on the school bus which was always an oven or a freezer regardless of the weather and it was noisy! Megan's seen famous stars like Fred Flinstone and has driven down some hot streets. Megan is an incredible horseback rider and a very fine young lady! (Cheese!) I know that Megan will succeed in whatever she decides to do. Good Luck Meg! Love Sam

Erin Ross-Stewart 1992 - 1994

Erin joined our infamous class in grade 11 and gained the recognition by being the only person who could survive on salad for lunch every day. At first, Erin appeared to be shy and innocent but once we got to know her she's very outgoing. She has a tendency to make everyone around her feel good because of her bubbly, positive attitude. Finding Erin is never a hard task, she's always on the phone (Guinness Book of World Records soon!). Erin also spends her time making up little rhymes, "Foot Song". How many cars did you stop Erin? Another great accomplishment is Erin's art of making complete revolutions of her ponytail around her head. What number are you at now? Next year Erin will be off to the University of Manitoba, studying education and working at the Body Shop, "Yah, OK, whatever". Good luck Erin, I'll be thinking of you! Love Vanessa

Linda Tang 1989 - 1994

Linda joined the B.H. Family clan in grade 8, with the determination to make it to the best U.S. university, Stanford, and to become the greatest doctor in North America. Linda will successfully achieve her goal with a lot of hard work. With all the A.P. courses she took from grades 10 to 12, one would always wonder when she had the time being president of the B.H. Red Cross Society. (When did you find the time to watch all those movies?) Despite all her worrying about tests, assignments, and labs, Linda still managed to maintain a 90+ average. No one will ever forget Linda's hard work and determination and yes, even more than a 100%! Linda, I wish you the best of the best with all your hopes and dreams. Remember the memories that we shared together especially our wonderful "English Trans. project". Good luck in University and keep our memories alive! Love always Tejal

Denise Thompson 1992 - 1994

Denise came to B.H. in grade 11. We thought she was coming in grade 10 but when Mrs. Greenhill kept saying, "Denise, Denise Thompson?" no one showed. Although she's only been here for 2 years she's definitely made an impact on the school. She has been a member of the varsity sports teams, an avid choir and Company participant, and a prominent player in "No No Nanette" and "The Wiz". In the 12th grade Denise became the 93/94 Craig Gowan House Head and ultimately created the most spirited house ever. She also co-organized 2 school dances and became a valued member of the Executive Council 93/94. Denise's friends know her as a fun gal to be with, who can suck you into a good time anywhere. It's never a dull moment with Dee. Dee, get out of my "green thing". Good luck wherever you go & whoever you are with. Don't forget me because I will never forget you! Love Carol

Stephanie Manchulanko 1990 - 1994

A.K.A. Sam, Sammy, Samantha, Sambina, and "Manchuwok". Sam has been at B.H. for 4 years. When Sam first arrived she was a quiet, cute, and innocent girl. She always enjoyed taking off shoes & socks in Physics class. She displayed her excess energy & vibrant personality on many occasions: as Barbie in the "Barbie & the Rockers" airband, as a "Carol Groupy" during the 93' campaign speeches, and as she went through her N.K.O.T.B. phase. But this kid is no flake. She's definitely has the brain and kicks butt in Physics class. Sam, the prefect, the dancer, and the loyal McDonald's worker always has time to flash a cheezer. We'll never forget Sam's stories: Marcie & Lyod, Danny, H.H., Luigi & the "employee of the month" (NOT). We love her for her brightness, energy (and never ending appetite), and we know she'll do well wherever she goes (DISNEYLAND?) Love Megan, Caroline, and Sara

Beth Greenberg 1989 - 1994

In grade 8 Beth rode in many different cars to first grace the halls of B.H. Many of us were awed by the parade of cars. Beth's humour and quick witty comments have made life at school much brighter for us. Her love for horses are great (Bucky). All of her friends have seen "The Black" dozens of times. Beth has been known to throw some awesome parties - jujubes, snowballs, and the den chair!!! Beth has always been a source of strength for her friends (Beth, please stop, the blood is rushing to my head!). Over the years Beth's love for the Jets has grown to an obsession. "Saw" is the only woman I know, who knows all the players names, addresses, numbers, and stats - not to mention other details! There are so many memories but one tops them all; Community Row. The truck, the muddy-ditch, the wet-muddy 5 mile walk, the company, the rubberducky song, the ESP of M.K., and the mess! The world and California better be ready for this remarkable woman. To my best buddy, I wish all the best out of life. Love Shikha and your off roading buddy Vivianne

Neela Kati 1982 - 1994

Our "rapper girl" has finally graduated! She has come a long way since her spiked hair, pink lipstick, and frosted green nails. Now she has progressed to the "Criss Cross" look-a-like. Congrats my friend, you've come a long way baby!!! From turning the clocks of time (gr.9) to extended lunch hours you would be surprised if you ever saw her at school. It's sad because the Three Amigos (N.K., T.P., S.H.) have finally come to their last "You too", "Me too". Last but not least let us not forget your ability to produce songs (the Little Mermaid) and your great love for poetry. You'll be missed a lot! Love Tejal, Susan Beth and Shikha P.S. May "our" legacy live forever!

Isabel Lujan 1993 - 1994

Isabel joined our B.H. Family in grade 12 from Mexico. She filled the school with her positive and energetic attitude, well most of the time. Isabel is a very busy gal. Her love for swimming, school, and work outs are not as great as the love she has for her friends or her family. Her gorgeous hair, smile, and occasional "whaaaaaat?" are never unnoticed. We are sure she will succeed in life. Isabel and Manitoba were like lock and key except for a postal service. We wish you luck and hope that in your exciting future you will look back and remember us. Love Susan and Neela

Heather Brown 1987 - 1994

Heather arrived at B.H. in grade 6. She left to live with her family in St. Louis in grade 9 then returned half way through the year to live in Rez - big mistake. Her Rez room is easily the messiest and has been declared a fire hazard. Heather also has a lengthy list of health problems including an ulcer as a result of Rez food and an excessively large brain tumor as a result of St. Louis (Tumor or out of control zit?). Heather tries to avoid going home as often as possible by losing her plane ticket. Since moving into Rez, she has taken a liking to Playgirl, for the quizzes right? (math 301 attempts a quiz) What else is there to do in study? Certainly not studying for S.A.T.s Heather also developed a deep, unique love for her camera. She also loves to make people feel better when they are down including her infamous tapdance to "Grey Skies are Gonna Clear Up". She is a hairdyeing wonder except for McKnights and the loss of step 2. But she is totally the furthest thing from a mechanic. Walkman Problem Heather? She definitely knows how to belt, don't cry - especially on the 18th b-day. Heather is also a wonderful story teller especially when it comes to famous relations to the state of Indiana. She's been known to deal with situations such as "the Crush". Camera Woman will more than likely make her come in the near future or will be selling vacuum cleaners to Mrs. Hoon. Don't forget Heather, always think before committing any "acts" as to avoid flashbacks. I hope you like Metallica. Love Farrah and Reagan P.S. All your Canadian Budds will miss you!

Nikki Steele 1992 - 1994

The Sweet Potato graced the halls of B.H. in grade 10. Grad'93 was great, right? She spent most of her night looking for her ball bearings. We've yet to discover if she found them yet. How about that date eh? Or maybe you prefer the bald headed chick type...are you in love? One thing's for sure, she sure likes a good joke. Hey Nikki, Henderson Twins? This talented artist is a protege at making cinnamon marshmallows and what about the cookie dough... "Let's just leave it overnight, watch Men in Tight eat it in the morning". It should of been in the fridge eh? Oh well something to look forward to. Ha Ha Ha! Just like the cruise (Happy Birthday Opera, from the English book). This talented bunhead gone rebel muppet dancer stars in her own movie series. The sexy lady gets shot and the Quarter girl gets a life. Did you ever get out of that tiger before being gummed to death by the old tiger? Because of some estranged incidences in her life, she has a fear of high diving boards and what...wedgies? Some of her greatest stories include Hermie the Not Disillusioned Snail and the Figure Skating Dramas (he thought she was a good baboon). Best of luck, we know that we will be seeing you around lots next year (not at the bar!) When we are all famous, we will hire your interior decorating company (that has gone nation wide) to decorate our houses. The best to you, Gilbert is clapping his hands for you. Kim, Kathy, Becky, and Cheryl

Nicole Fifi 1992 - 1994

In grade 11 the B.H. family was blessed with the "Rebel Fifi". This former "inky" member has come a very long way over the years, from her horrible hair coloring to her underwear stories. Nicole is well known for the blond hair that never grew naturally. Her talent is overwhelming, she can vacuum the floor without the vacuum even being turned on (ok, so it took you 5 minutes!) and be locked out of a car with the windows rolled down, "Let me in!!!". Oh by the way a divers licence is always good and very helpful getting from Anola to Winnipeg. With all joking aside, Nicole is actually a very caring, intelligent, and very kind friend. She's always there for you when you need her and does her best to cheer you up. We've been friends, enemies, and then even better friends than the first time. Who followed the Domino's delivery guy? Remember those double dates, Perkins at 3 a.m., and those great falls on Ski Day. How about the things that weren't "accidents", like tripping or walking into lockers all of the time. Also we will always remember Nicole for her wonderful music talent. "Contre de le Mur de ma Maison" was heard repeatedly throughout her final year at B.H.. We know you'll move to Mexico and have many sombrero's and somrenos. Nic you P.L.. We're really going to miss you Nic, good luck in the future and always remember the Mexican Fly! Love, your best friends, Jenn, R, Viv, and Erin

Kiley McEachern 1982 - 1994

If you ever wonder where the nearest Autopac Center is, it is best to ask Kiley but do not ask for directions to any other place! The town definitely heats up wherever she goes. Whether it's a Rugby Social, School Dance, or a Frat Party, there is going to be trouble. McEachern, Nolan, and Brown rule the Girl's Night Out! We'll never forget the days when she batted those lashes to "She Ain't Pretty" and climbed out that window. "Shotgun!" Boom! Kiley is always kind and loving (except to R.M.J. but we understand). Ode to the days over our lovely lunch time crusades to St. Pauls to visit the boys and of course Mr. Sitter. Paper towels, signs, and flowers. Although her crushes have put all of us into situations that we thought we would not come out alive (the Web) and many mission impossible runs (from which we became very good at running low, diving to the ground, and scaling walls). Kiley has talent in everything but sleeping. It is the whole bed or nothing. We love you so much and wish you the best. Love Shikha, Reagan, Beth, and Viv

Carina Chow 1992 - 1994

Ever since Carina came to B.H. in '92, she has become an intricate part of the B.H. Family. Her art and music talents bring smiles to Mrs. R's and Mrs. A's faces. And who could forget her in "No No Nannette". It seems that everywhere you go, you see her sweet smiling face. Out of school, Carina is a shopoholic and she would kill for the taste of ice-cream. Who would believe that this goody-too-shoe goes shopping every weekend?! Best of all she is a really good friend. Carina wishes to marry, become a Hotel Manager, have around 10 kids, and live happily ever after. She will become one of the busiest women around. We wish you the best, sweetie! With love, Linda and Amy

Tejal Patel 1989 - 1994

Teja and I have been through alot. Like trying to get rid of A.C. (which we never will), our little accents, Centennial Library, and Calc. notes. She's always been a friend of mine except when she'd go to McD's and never bring anything back for me. I must say her driving is still the same; I am still in one piece even though her car isn't. Tejal is funny and can turn my frowns rightside up. She had a crazy party, which I'll never forget. The fights, the laughs, the dirty floors, and the hiding. It was quite the party! But Tejjie, keep in touch and don't forget me. Oh ya, you too! Neela.

Sara Hilderman 1984 - 1994

Sara has been a lovely B.H. girl since grade 4. She's been involved in many activities from grade 6 camp (dooneberry, dooneberry...) to the grade 8 Florida Trip (Don't forget the plunger & Friendlies! 2 -B.H.). I guess Sara summed herself up the best a few years back when she constantly reminded everybody "I'm so cute". Unfortunately Sara's had her share of hard times, mainly her N.K.O.T.B. and Milli Vanilli phases but she stayed along and pulled through. Sara especially enjoys Chemistry class and has had many hairs pulled from her head by valence electrons. It must of been that class which inspired her "interior" self portrait! Sara has been a wonderful Arts Prefect and is a very talented artist. She has also been a good friend. I know Sara will do wonderfully at whatever she chooses! Good Luck, Love Sam and Spark.

Becky McKeever 1982 - 1994

Becky came to B.H. at the tender age of six. Our valley girl is just 1 year short of being a lifer. Becky has been involved in every aspect of B.H. life through her years at B.H. including the sports and we mean ALL the sports. She is the Ballater House Head! Becky continues to Color Our World with her cheery attitude and enthusiasm. Color me happy babe! Although she hasn't conquered W at the movie theater (or Gooby for that matter!), Becky's most spectacular achievement so far: "Would you like Mayo on that sub?". But we know she won't be stealing subway cookies and will someday be the worlds best physiotherapist! P.S. What is that smell? H.T. forever, and "How can I help you?" will remain in my mind forever. Best of luck to you in the future. We believe in ya! And by the way, say hi to the guy in the touque for me! Luv K.G., K.W., N.S., and D.T.

Susan Hosein 1988 - 1994

Years back, Susan was rather shy and quiet, but over the years she's become "lovely". Her laughs are heard throughout the school. "Hey look it's Polen!" She's always made me laugh even when she is laughing at me (Woolf, Vhat!). We just can't get rid of those accents! Susan has many boyfriends (which no one has met) and also many crazy ideas. Though, that man at the [unclear] place did deserve it (Run!). Overall she's done okay. Her love for children (in which she'll have at least 4) has lead her to Child Psychology. Good Luck and we wish you the best! Viv and Neela

Vivianne Cousineau 1990 - 1994

Vivianne arrived at B.H. a few years ago from some distant and unknown world (this city was never the same!) This country girl taught me how to survive in the Bush (remember the bites, trips down Wavey Creek, and poison oak). It is too bad that she can't stay put in a canoe. Of course Viv is quite adventurous. Remember Lollapoluzia, the Pit, the ambulances, the hospital, the shoes. This girl from Clandeboye is a fighter (T.A.D.'90) and will never let a bad remark throw her down! The "Big Moon" has been there through it all, pool hoppin' down Grosvenor, Community Row, and New Years at B.G.'s. Gee, let's not forget The Grey Cup weekend or Kiss the Bunny Davel! She is the one who gets the flowers during school, makes the class jealous, and could turn anyone into a Pope. Her dreams are to become a R.C.M.P. but she has to get a licence first. Good luck with the wagon, dog, five kids, small house, and the white fence. Best Wishes. Love Neela and Shikha

Farrah Fulton 1991 - 1994

Farrah Fulton our rebel from Thompson first arrived on the Balmoral Hall steps when she was in grade 10 (around 2 a.m.). Her friendly greetings nearly floored us ("Hope you like Metallica"! Over the years we've moved past the biker jacket, Harley Davidson shirt, and cigarettes and found out that she is really a softy. Farrah loves her cats - we've all heard about Felix's dental problem. I know we'll miss her cat-obsessions. Farrah also likes fish and gives them cool names such as, Bacardee which reminds me of the song November Rain at a certain dance and of course D.P.. We will always remember Farrah as being Slash's main squeeze (why did she need Evan?). Farrah likes to read awesome books like Sleeping Beauty and Butterfly (literary rocks). Anyway, Farrah has always been the outspoken, fast, struttin', Grateful Dead lovin', Marilyn Queen, art friend, smoke power believer, hair cutter, music and mushroom soup lover. Good luck with Public relations. We're going to miss you here! Heather B

Dora Wong 1991 -1994

Dora came from Hong Kong 3 years ago. She is a funny person. We always plan what we will do after school in class. She never shows up for lunch if she has had a spare before 12.35 because she is in Rez making Chinese Moodies. Dora is the "Mail Girl" in Rez "Did I get a letter?". She always gets phone calls after school, after supper, and after study time. We are going to miss your calls. For next year Dora will be staying in Winnipeg. Have fun with... I will miss you so much, Chiemi

Amy Leung 1992 - 1994

Amy came to B.H. in grade 11. She is a Chinese - Canadian and immigrated to Canada a few years ago. What else can I say about her? Ah! She is the most active one of our group. We never see her around at Rez on a weekend. She is always out. Amy is a party woman. I can tell you nothing could keep her in Rez. Even a big test or project. Every Monday morning, she would walk in the hall with a tired face and say: "I'm so sleepy, I want to go to bed!". Right Amy?! Good luck in your future and study hard! Love Dora

Talia Hussain 1981 - 1994 LIFER!

This dandy point rep is a lifer. If being known for your "unique fashion" of driving, record breaking hours of sleeping in class, and being able to master the art of flipping a disk while drinking a slurpee and shifting the stick has anything to do with this Talia sure could tell you (look in the common room). After listening to all of this art lover's stories we truly believe this smart and devious mind is a result of "buddless Roger". In no one elses house would you find cake on the walls (this is probably why Motel 6 didn't do that much damage to her!). Talia definitely has the potential to do anything or at least try it. Winter camping, Lollapoloza, that certain corner at a certain speed, and getting those grade 10's to smarten up are at the top of the list. But she still has to test the chem. shower! Good luck locating Thomas the third. As you army crawl into the future, continue taking it by storm. Lots of love, Viv, Jenn R, and Kathy

Amy Wu 1993 - 1994

Amy Wu arrived at Balmoral Hall School a year ago. Amy expected a major culture shock but instead found that she has a lot in common with Canadians. She easily adapted to chicken noodle soup everyday and Canadian karaoke with the Rabsons. She was a really shy girl. After a while I noticed she was a very talkative lady and a very enthusiastic person. She participated in many varied aspects of school life. Amy has participated in both the Senior and Chamber Choir. She loves to spend spare time drawing and you can often see her smiling face at Extended Day. Coming from a non - English speaking country, she's really making big progress in her English. Her mathematics skills are so good that she has maintained a high academic standard. Outside of school? Amy is a "shopping fan". She goes shopping almost every weekend and she buys a lot of stuff. I always think "Poor Mr Wu!". Anyways, Amy Wu is a buddie of mine. I wish her the best of luck and hope her dreams of becoming an architect come true! Don't forget your friends at B.H.. We'll all miss you. Love Carina and Linda

Jennifer Lai 1993 - 1994

Jennifer has been at B.H. for 1 year. In that time we've realized that she is not as shy as we thought she was. We can hear her voice from C.T.'s room even though she is not in the of Rez! She is funny girl. When she is talking to someone she always uses her hand like a microphone (thats what we think it looks like anyways!). Jennifer loves the dining hall and can stay there for at least 1 or 2 hours. What about that real popular guy (who has the same last name also)? L.L. is it? She is a smart girl and doesn't have to worry about her tests (but can she drive a car straight?). Jennifer is always afraid to look but we know that she always gets the top mark in Chemistry. Though we have only known her for a year we sure are going to miss her. Good Luck Baby! Love Amy L and Chiemi

Caroline D'Cunha 1988 - 1994

Caroline walked the halls of B.H. for the first time back in grade 7. She swung easily into B.H., becoming a member of the debating, volleyball, and basketball teams. A native of Wisconsin, Caroline has become a grade 12 resident expert on the American football, basketball, and baseball leagues and is able to provide such interesting sports tidbits as when the Green Bay Packers were last in the Rose Bowl! We spent hours pondering that question until she graciously enlightened us. From Physics class pranks with post-it notes, alligator clips and timer alarms, Carol has always made the class a little more exciting. It is very possible Caroline may use her artistic ability to create Star Trek another next generation, where she could play Dr. Spoc herself. Despite her diminutive size, Caroline has become known for feistiness - one of the few B.H.ers who is not intimidated by the threat of becoming a target for flying chalk in French class! Carol has shared an everlast love for M. Mouse with me. She's a good seamstress and has made many designer-like pair of boxers. In the new role of Community Service Prefect, Caroline introduced new events such as the Teacher's Lunch Auction (it was worth it Carol!). Whether she becomes a commentator for ABC or an eminent doctor, Caroline will make her mark on the world. We'll all miss Caroline, and yes - even being told to work the canteen! Love Sam and Shaila

Chiemi Taguchi 1990 - 1994

How strange the name? ... She's Chiemi Taguchi. Time blew Chiemi to B.H. in grade 9 and turned her into the prettiest girl from Japan. She has been very helpful but most of all, she will always be remembered by her sweet smile. Chiemi came from Hong Kong and loved it there so dearly that she has a big map of H.K. on her Rez wall. Over the years not only did she learn a lot of English but became quite fluent in Cantonese too! We have really enjoyed knowing her and wish her the best of luck in the future. We hope that one day she will meet her idols, Jackie and Aaron, in person! Miss you lots and Sayonara! Lots of love, your H.K. buddies'94 xoxox Jenn L

Karen Vidler 1989 - 1994

To think of memories of Karen from 5 years ago - her first year at B.H. - it seems like just yesterday. Determined to graduate from this school, Karen came here in grade eight and now she graduates. Some may remember Karen as a shy, quiet girl and others remember Karen as an outgoing, mischievous little monkey (remember the Arts Festival Karen?). Still today, some see her as a beautiful blonde knockout with a personality to match and some see the outgoing and fun side. Those who are lucky see all of this. That's why Karen's such an incredible person - she's got it all and only herself to thank for it! She manages to come through everything with a smile on her face - determination to put all of us to shame. Karen's not easy to forget - I know I never will. From very "unreal" English classes to semi-comatose Sunday mornings with Mr. A. with lots of Billy's & Bazooka's in between - it's been quite a year! Not to mention the four before that (for some reason Karen - I will always remember coming to Rez and being greeted by the voice of God calling from your window!). Well Karen, we did it! We're done! and of course into bigger and scarier things! Anyways Karen, you're one ultra-talented girl and I love ya! Never stop dreaming and always stay happy. I'll never forget you! xoxoxo Jenn G

Heather Campbell 1989 - 1994

Heather came to B.H. in grade 8, making her one of the longest living Rezes. She is known for her "joy" at Rez sleep over parties whether it be slipping out to Cornerstop at an illegal hour or ordering pizza after curfew (the ultimate sin). Heather is also an honored member of Girls Night Out (eggs, mustang, attack for the hat). Heather is also famous for transparent hair- a result of McKnights lack of step 2 which will never be washed again till Grad. Only once have we gotten Heather to miss her MTN movies to go out. It was a birthday party, too bad she got food poisoning and had to go home early. She has deprived Reagan of moviefest but has aquired a new sister according to the cornerstop man. Although she is obsessed with the idea that she has an excessivley large roll, her horse, Squeaky has managed to survive with Heather on his back. Because of her ability to be an amazing back seat driver, we see her career future as a driver licensing tester. There will definitely be fewer drivers on the road - even less if she is skidooring at Viv's. We're all going to miss you Heather. We love you alot! Farrah, Reagan, and Viv

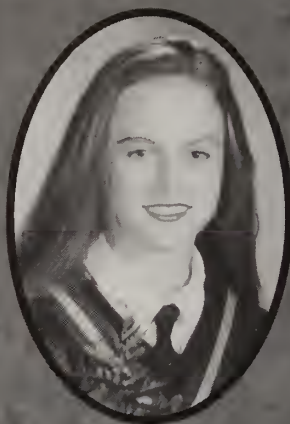

Shannon Pattie 1993 - 1994

For this big kid we all believe that turning 18 at B.H. will be one of the biggest experiences in her life! How are you feeling darling? Never again eh? Well that's what they all say. Next weekend? Palimino, Studs, Zaxxs? Maybe you should lie down. Heh Goldilocks, you should have used that advice for Bio. (but then again if you would of read the label)! It is pretty hard though to hold Shannon down. Her 7:00 am workouts keep this early bird in shape. Shannon's backpack is her trademark and carries her life. The Beaver Canoe top and army pants are her fashion statement! Shannon was easily welcomed into the hearts of all the grade 12s. We love her all and wish her the best of the very best. Love Viv, Susan, Shikha and Jenn R.

Jennifer Ryback 1991 - 1994

Fresh from public school Jenn first graced the halls of B.H. in grade 10. Oops, I failed to mention Kindergarten and grade 11! With outspoken speaking ability (which most of the time did get heard and also sometimes did get her into trouble) she spoke "reason" on behalf of some of us who were too shy to say anything. Jenn was referred to as the "goal girl". Anything she wanted badly, she successfully achieved (gold in track and honour roll more than once). Jenn is the kind of loving friend who always has a shoulder to lend. She has the determination to be the best psychologist ever. Jenn is always the one who does the assignment the day before and gets the best mark! Good luck at university far, far away. I wish you the best! Your Friend forever, Tejal

Jennifer Greenwood 1989 - 1994

Jen came to B.H. and the RWB in grade 8. She was one of the "bunheads" who survived living in Rez. She's now out of Rez and living on her own. Halfway through grade 12, Jen decided she wanted to graduate with her friends at ballet so she danced all day and went to school on the weekends. Unfortunately, she missed out on running to catch the #10 after lunch like the rest of us. We did however, get to spend quality time together when we had our 11:00 am Chemistry class with Mr. Aston, Sunday mornings. Jen and I have gotten to know each other well over our past few years, we even share medical advice "Oh, and Jen!! If you have any heart problems you know who to see!". Jen is about the only student besides me, who irons her school blouse. Not! Jen has learned a lot since she first came to B.H., including the art of getting food from the fork directly into her mouth (and not on her shirt)! Well Jen, I'll miss you a lot. I wish you all the luck in the future and hope that you sink your teeth into every opportunity that comes your way (you'll never have a problem with that, eh?). Once again, good luck! I'll miss you. Love Karen. P.S. Wanna sneak out to a party?

Reagan Nolan 1992 - 1994

Reagan hails from Rouleau, Saskatchewan. She joined us in grade 11 and things haven't been the same since (especially at the Rabson's!). Rooming in Wpg has left Reagan with two great fears. 1. Joining the masses on the speakers 2. Shoulder tapping (awh, but he was cute!) It can't scare her that much since she is staying for another year and living with Viv! She can take it though, Reagan is great at rugby (Hey how about that yellow pinny?). Although she is a blond, her personality is that of a brunette. Reagan always wants to ride "shotgun" but someday we will convince her to ride in the backseat. We got a lot of other things to teach Reg also, like holding on to that Mondetta sweater and walkman. One other big thing is how to dress. You see Reagan's favorite dress is an ice cream dress. First of all we have to find her, she'll be in Italy this fall for Rotary and if she not there she'll probably be in Perkins doing her hair! In the future, Reagan wants to be a police officer. We have warned her of the problems but she looks good in red. All the best to you! Love Kyley, Heather, Viv, and Farrah

Shaila Seshia 1981 - 1994 LIFER!

Shaila is what we call a lifer at B.H.. How she made it through these years no one will ever know. Especially, since she practically lives there by participating in volleyball, basketball, student and sports council, Red Cross Club, debating, and all of those other miscellaneous B.H. activities. Who could forget Shaila's eloquent debating and public speaking style. She started out the average debater and developed into a remarkable speaker. Maybe it was because of her partner? But we did share some special Mrs. Martin moments didn't we? Shaila is also known because she is the nicest and one of the smartest girls in the graduating class! But that doesn't mean she isn't fun! Shaila lights up her A.P. english class and can be seen skipping around the halls. Outside of school she volunteers at the Fort Whyte and takes an avid interest in animals (she doesn't eat them!). Also when she and her friends get together at their local hangout (sadly closed Jan. 17/93) they are having a "rocking good time". On top of all this she was the School Captain and did a most remarkable job. Shaila, thank you for being so wonderful and I'll always appreciate you for being there for me when I needed you. I'll never forget our friendship or you ever. Love Caroline

Kim Westdal 1984 - 1994

Kim Westdal, better known as Bundy, Lily, Peggy, Wezdol, Kim Mitchell or K.G.'s little Oogonia, first graced the halls of BH in Gr 3. From the very first day, she has made her mark. Kim first came to fame with her Dr. Ruth impressions. Since then she has been involved in every activity known to BH. Kim, our pro badminton player, jock and scholar also tapped her way into school musicals and our heart. Speaking of dancing and musical graduates to this day are still begging to know where she found the great pink Madonna dress (prom dress) for airbands. Kim has always been outgoing (not to mention ALWAYS going out!). She never wanted anyone to be left out of any social occasion event, not even the Domoman. Kim was always very helpful to her friends, whether it was helping them find their lost "bearings" or deciding the debate on who had the book first. Kim, also, was never without help herself, whether it was from her "How can I help you?" friend, or being motivated from the horse race cup to ride on, and win the race. Newsflash- spur of the moment Mr. Mountain has the lead and if the race continues well, there will be a victory dinner at the Bella Vista. What about Bob and Hooch? Kim was an incredible Sports Captain. No one knew what hit them when Sights and Sounds got wild - thanks to her great ability as a dance prefect. Kim, our memories together are trapped in time and we all know they have only just begun. Peace, Love and Granola.. Bob, Hooch, Kathy and Cheryl

Kathy Grenkow 1991 - 1994

You could never miss this little "Oogonia". She is always bouncing up and down the hallways, flying curls and a big smile on her face as she talks like a munchkin. By the sparkle in her eye you can tell that she is wondering why the sea is blue. She has excellent taste. The color burgandy and her "boat" are two of the most perfect examples! "Sssh be wery wery quiet, we're hunting for wabbits!" Out of all the grade 12s Kathy may be one of the shortest but she is also the one with the most "holes" in her body. Kathy is a great friend - "Bastal Bastal" Thanks for that night at Perkins. Where would I be without you... or your imagination. Having Kathy as a chem partner is another story - I hope your tongue is okay, I didn't realize exactly what you were doing with that pencil! Her love for Morrissey and gift for naming cows after friends will never be forgotten. In 10 years from now always remember: 1. Left handed people are the only ones in their right minds. Although you wouldn't know by looking at you! Just Joshin! 2. Watch out for Greek Sailors, (KOSTAS) and men who want to take you behind the Pyramids! Good luck Kathy, remember all those "shocking" experiences, "STOP LAUGHING!". Luv ya lots, Cheryl, Nikki, Kim, Becky.

Cheryl Bishop 1992 - 1994

Cheryl has only been with us for two years, the first of which she was known as an itty bitty bunhead. Now, after ditching the RWB she has joined the social community of BH. Not only is she Head of Residence, but she also has time to conquer her A.P. courses. She walks with a slight limp after a hard played, but short lived volleyball career, (Cheryl is that shoe still squeaking?) and can now be found pumping iron in the weight room. Cheryl has sleek moves on the dance floor (with and without her cast) and somehow is irresistible to the male species. She enjoys old movies (I'm Dreaming of a White Christmas) and bonding with K.G. Among her dislikes is the family planning program in China. Her inability to own a car in Residence has left its mark on Cheryl. Either driving to Kathy's farm (Where does the road end?) or to the Olive Garden (Wow 360's), she has managed to survive without a scratch. Although we will miss her next year, we know that she will not miss some of the things here: the third floor library and the dry cold of the winters. We look forward to visiting her version of Jurassic Park after she has finished her prestigious study of genetics. We will miss her intelligent insights in Chem class, and her happy go lucky attitude. Best of luck in the future, and we miss you already. Luv ya Babe, Nikki, Kathy, Kim and Becky.

Michelle Clarke 1981 - 1994 LIFER!

When you think of Michelle the word hyper comes to mind. In all the years Michelle has been at BH, she has taken part in debating, student council, all types of sports including her awesome job of goalie in soccer, and anything else BH had to offer. She has to put all that energy somewhere, doesn't she? Michelle, a lifer, was the head girl for 93/94 and never once misquoted the Lord's Prayer. Congratulations, Michelle, we knew you could do it. Needless to say Michelle is on the verge of genius and a continuous member of the honor roll. She was a definite asset to the BH life. Outside of BH, Michelle's interests ranged through the years. Some were "Looney Toons", Alfred Hitchcock movies, peanutbutter and cheese (yuck), rowing, cycling, and Basil's (local hangout). Michelle, a year younger than most of her peers was a good sport even though her older friends were able to pass for 18 and get into those R rated movies and she couldn't. Oh well, maybe next year you'll be able to see those evil movies. Besides we don't want to corrupt your innocent mind! Michelle has been a good friend and someone you can count on. You are awesome! Don't change! .. Luv Carol (the older one).

T'Shura Elias 1991 - 1994

Though you have to look down to find this "Little One" you can feel her true spirit from across the room. T'Shura can dance, smile, giggle, and out smart anyone who horizontally challenges her. She is willing to try anything no matter what! Her kindness, willingness to work hard, elegant hairdos (never lick), and her tiny shoes are very well known. T'Shura was Year Book Editor this year and we got what we expected nothing short of the best. We wish her the greatest joy and success possible. Take care, love Susan and Viv (I know you'll never forget me!).

ALUMNAE BRUNCH

Convocation

VALEDICTORIAN

Dr. Coyle, Mr. Porter, honoured guests, family, friends, and fellow graduates,

I feel privileged to be a part of the graduating class of 1994, which today has assembled for the last time. Balmoral Hall has given us the opportunities to experiment and achieve in a wealth of areas. In our class, there are academics, ballerinas, debaters, musicians, student leaders, and athletes from all parts of the globe. For all, today symbolizes an end of the warmth and shelter found in B.H., as we turn to the future. For many, B.H. has become a second home, as teachers and staff have offered friendship as well as answers.

The teachers at B.H. have helped direct our energy towards our goals. Through their support we have discovered Intellectual Beauty and the importance of dreams. Teachers have provided us with insight, the essence of knowledge, and focus, the direction we require. Through their dedication we have gained a desire to learn and achieve. They have coached us to victory, listened to us in times of (what we feel) is grave personal crisis, told us personal anecdotes, and not become too upset when a piece of lab equipment was sacrificed in the name of science.

Our parents have also given us love, support, and encouragement. They are there when reality interrupts our dreams, or we fall somewhat short of perfection. Their love has defined our success as the pursuit of happiness, and given us confidence to search for self-fulfilment.

There is a great fear of the unknown as we peek outside of the school gates. Will someone attack us at the corner of Sherbrook and Westminster? Will the rats win the metaphorical race? What if nobody out there cares if we fail? . . . But we're not going to fail. Opportunities open as we are pulled in separate directions. My fellow classmates, as you look amongst yourselves, you will see friendships forged from trust, honesty, integrity and love. Some will remember Jan and Dan, Mr. Mugs, idioms, and singing Best Friends in Junior School assemblies. Others will look back on egg dropping, Helen Grocery, common room discussions, Jane and right-hand rule number one to find the force acting on a moving charge. Whatever they may be, I know that all of you have gathered memories of B.H. and the unique experience which we all shared. The friendships we have made bring responsibility to not forget one another, as neither time nor distance can separate us.

We have always been a diverse group of individuals. No one can label our grade, as each member is different and the class has such a broad range of talents. It is to our credit that we were able to come together so successfully. Among manoeuvres, finding phallic symbols in beer ads, trips to Subway, pretending to mutate in Pinawa, growing carrots, inspirational fairy tales, celery, and rugby, it is surprising that we were able to find time to study.

I would like to share some inspiration that I found when faced with what I felt to be an impossible task. Trust Yourself. We will all stumble against obstacles, but by persevering we can overcome any difficulty. Set high goals, as I am confident that you will reach them. A world of opportunity awaits as long as we continue to strive and to imagine. But, may I digress? Mrs. Browning's husband, Robert, once wrote, and I consciously paraphrase, because I don't think he'd mind: "everyone's reach must exceed her grasp, or what's a heaven for?" Unfortunately, he put those words in the mouth of a man who compromised his integrity, but not ours. Robert Browning was speaking to us. We must not only be loyal to our goals, but to ourselves. It is our duty as individuals to respect ourselves enough to accept them and what they represent.

I wish each of you the best of luck, as all of you have a special place in my life. May all your dreams come true, I will miss you all. ***Michelle Clarke
